### RANGE AND FEEDLOT SALES

Prices declined on all classes of livestock. The volume of slaughter steers and heifers at the seven markets totaled 103,500 head, largest since the first week in March, but were 18,000 head short of a year ago. Slaughter steers at most centers sold steady to \$1.00 lower while heifers were largely 25 to 50¢ lower. Cows and feeders sold steady to 50¢ lower. Barrows and gilts closed the week steady to 50¢ lower. Sheep and lambs also sold steady to 50¢ lower.

**SLAUGHTER CATTLE AND CALVES** - Despite the fact that cattle receipts Monday were the largest for any day since January, the twelve market supplies were slightly smaller than the previous week and 7 percent less than a year ago. Prices broke early under the stress of numbers, and wholesale dressed beef prices declined in sympathy. However, slaughter steers and heifers recovered at least a part of the ground lost early, as receipts were sharply curtailed, and dressed beef prices also worked higher late but not enough to offset early losses. Slaughter steers closed steady to \$1.00 lower, 25¢ to \$1.00 lower at most points. Choice and Prime grades were under most downward pressure, and for the fourth straight week the spread in steer prices grew narrower. Heifers finished mostly 25-75¢ lower and cows steady to 50¢ lower in a general way with bulls off as much as \$1.00. Vealers declined \$1.00-2.00 at leading markets for this class of stock. About 8 percent of the steers in Chicago graded Prime, most for any week in about two months. However, at most other points, Good to average-Choice grades predominated in the slaughter steer and heifer supply and at St. Paul the majority graded Standard and Good. Only 11 percent of the Chicago cattle supply was slaughter heifers smallest in 43 weeks, and the percentage of cows and bulls at most markets increased slightly.

**Slaughter steers:** For the first time since February, Prime steers failed to sell at \$30.00 or better in Chicago, six loads 1250-1375# weights cashing at \$29.75 with bulk high-Choice and Prime 1150-1400# \$27.75-29.50. Very few steers sold above \$27.00 at markets outside Chicago, with Choice bulking at \$25.25-26.75, Good at \$22.00-25.00, Standard selling down to \$19.00.

**Slaughter heifers:** A few loads high-Choice and Prime heifers \$26.50-27.25, bulk Choice \$24.50-26.25, Good largely \$21.75-24.50.

**Slaughter cows:** Most Utility and Commercial cows \$14.50-16.50, Canner and Cutter largely \$12.00-15.00.

**FEEDER CATTLE AND CALVES** - Moderate receipts of feeder cattle and calves at terminal markets were little different in volume than

usual during early May. Good to average Choice grades predominated but shipments of mixed Choice and Fancy offerings were in moderate supply at several markets, principally Omaha and Sioux City. A large percent of the overall supply consisted of 550-750# yearling steers. Trading generally was only moderately active at unevenly steady to 50¢ lower prices. A lower price trend for slaughter cattle was a bearish factor in the feeder trade but at the same time lessened competition from slaughterers resulted in a moderately increased number of partly fattened 800-1050# steers being routed into feeder buyer channels.

**Feeder steers:** Bulk Good and Choice 800-1050# \$22.00-25.00, few Choice 800-850# \$25.25; Medium and mixed Medium and Good 800-1000# \$18.50-22.00. Moderate number Choice and mixed Choice and Fancy 535-650# \$28.50-30.00; Good and Choice 550-750# chiefly \$23.50-28.00. Medium and mixed Medium and Good 550-750# sold from \$18.50-24.00.

**Feeder heifers:** Good and Choice 525-750# largely \$21.50-25.75, few loads Choice 500-600# \$26.00-27.00. At Sioux City few loads Choice 613-744# \$24.00-25.00 and Good 677# \$21.25.

**Feeder calves:** Choice and Fancy thin 374 and 427# steers from a reputation herd \$35.00-36.00, accompanied by 360-375# heifers at \$31.00-32.50. Other Choice and mixed Choice and Fancy 350-550# steers \$27.00-32.00; Good and mixed Good and Choice \$24.00 to \$28.50. Good and Choice 350-500# heifers \$22.50-28.00.

**HOGS - Terminal markets** - After being depressed sharply at the start of the week due to liberal marketings, prices steadied and even rallied somewhat on later days, but lower prices still prevailed at the close. Barrows and gilts sold steady to 50¢ lower at most of the markets, although Sioux City was steady to 25¢ higher, and South St. Paul enjoyed an upturn of mostly 25¢. Sow prices were steady to 25¢ lower except steady to 25¢ higher at St. Paul, Indianapolis, and Sioux City. Sows comprised 9 percent of receipts at 8 markets.

**Barrows and gilts:** U. S. 1-2, 190-240# closed at \$16.00-16.50. Most No. 1-3, 190-250# brought \$15.50-16.25.

**Sows:** U. S. 1-3, 270-400# \$13.50-14.75. No. 2-3, 400-550# \$12.75-13.75.

**Feeder pigs** were steady at Sioux City and 50¢ higher at St. Paul. Most Choice 140-160# feeder pigs sold at \$14.50-15.00.

**Hogs - Interior Iowa-Southern Minnesota** area receipts totaled 270,000 head, compared with 335,000 the previous week and 331,000 a year ago. Supply largely U. S. 1-3 200-250# barrows and gilts; sows comprised 8 percent of run. Compared with previous Friday, late sales of barrows and gilts were 25¢ lower; sows

steady to 25¢ lower.

Barrows and gilts: On Friday, U. S. 1-3, 200-230# sold at \$15.00-15.65, 1-2, \$15.50-16.00.

Sows: Most U. S. 1-3, 270-400# \$13.25-14.50; No. 2-3 400-550# \$11.85-13.50.

Hogs - Interior Illinois - Receipts totaled 93,400 compared with 103,600 the previous week and 106,800 a year earlier. Barrows and gilts made partial recovery after sharp downturns early and closed 25¢ to mostly 50¢ lower than the previous Friday. Sows were mostly 50¢ lower.

Barrows and gilts: On Friday, U. S. 1-3, 185-240# \$15.10-15.75, bulk \$15.25-15.75; limited volume No. 1-2 200-230# \$15.85-16.00; No. 1-3 230-250# \$14.75-15.25.

Sows: U. S. 1-3 250-350# \$13.25-14.25, instances \$14.75; No. 1-3 350-400# \$12.75-13.25; No. 2-3 400-500# \$11.75-12.75.

**SHEEP AND LAMBS** - Receipts at the 12 markets numbered 81,000 head, compared with 79,000 a week ago and 103,000 last year. Old crop shorn slaughter lambs predominated in the receipts. Spring lambs represented 8 percent of supplies at Omaha and 40 percent at Fort Worth. Advances on dressed lamb failed to influence the live trade as slaughter lambs sold steady to 50¢ lower than the previous week's close. At Fort Worth prices were \$1.00-1.50 lower, but fully steady to 50¢ higher at Denver. Slaughter ewes were steady to strong. Feeder lambs sold steady to 25¢ lower except for 50¢-\$1.00 declines at Fort Worth.

Old-crop slaughter lambs: Wooled - Choice with few Prime 80-112# closed at \$16.50-17.50, few consignments \$17.75-18.50. Good and Choice 80-115# \$15.00-17.00. Shorn - Choice with Prime end 85-116# No. 1-3 pelts \$16.00-17.50; small showing Choice and Prime 99-103# No. 1-2 pelts \$17.75-18.00. Good and Choice 78-113# No. 1-3 pelts \$15.00-16.50.

Spring slaughter lambs: Choice and Prime 77-105# \$19.00-21.50, Choice \$18.50-20.00, Good and Choice \$17.00-19.50.

Slaughter ewes: Cull to Good shorn \$3.00-6.00, few \$7.25, wooled \$4.00-6.25, few \$8.00.

Feeder lambs: Choice and Fancy 80-114# wooled \$15.00-16.55, Good and Choice 50-82# \$11.00-14.50. Choice and Fancy 77-107# shorn \$12.50-14.50, Good and Choice 67-82# \$10.00-13.00. Choice and Fancy 45-55# spring lambs \$17.00-19.00; Good and Choice at Fort Worth \$15.00-16.00.

Sheep and lamb receipts in the Interior Iowa-Southern Minnesota area numbered 8,100 head, compared to 11,300 the previous week and 18,500 last year. The sharply reduced lamb marketings met with only fair demand and compared with last week's close, old-crop slaughter lambs were weak to mostly 50¢ lower.

Slaughter ewes sold steady. Shorn slaughter lambs accounted for 75-80 percent of receipts. A slight increase in spring lamb numbers

occurred but the class was too scarce to provide an adequate test of trading.

Old-crop slaughter lambs: Wooled, Choice 80-110# \$16.50-17.50 delivered to packing plants; 110-125# \$15.50-16.50. Good to low-Choice 80-110# \$15.50-16.75. # BOSTON WOOL MARKET REVIEW

367

Trading on greasy domestic combing wools was slow on the Boston market. Occasional small sales of scoured woollen wools of foreign origin were sold about steady while the movement of noils was very small.

Trading was active on unsold clips in the Western States and a sealed bid sale was held at Roswell, New Mexico. Medium grade wools sold well in the fleece wool States and trade was very active in Texas with prices steady to strong.

The Dominion auctions resumed this week after the Easter recess. Prices were approximately  $2\frac{1}{2}$  percent lower at the opening sale in Brisbane but firmed somewhat at midweek. Continental interests, Japan and the United States were the principal operators. At Invercargill, New Zealand the market was active with demand good. At Bradford prices were firm on 50/56s down to 46/50s, while 46/48s and coarser wools were slightly easier and second shear wools uneven. The South African markets were firm under general competition while the South American markets were inactive.

Fleece Wools - Country buyers were paying from 48-53¢ but mostly 51-52¢ for medium grade wools to the growers. Approximately two million pounds will be offered for sale in Virginia within the next two weeks.

Territory Wools - A fair weight of bulk medium grade wools sold at a sealed bid sale in North Dakota. The Lisbon pool brought 52.52¢ as three-eighths was estimated around \$1.10-1.12 and quarter-blood wool at \$1.08-1.09 delivered East. The Steel pool sold at 50.5¢ while the Slope pool went to a local dealer at 50.25¢. At the Tri-county pool in Oregon 13,000 ranch fleeces sold at 55.38¢ f.o.b. with delivery June 5 to June 15, while 3,000 range fleeces brought 52.3¢ f.o.b. Joseph or Baker, Oregon. Prices paid the first day of the sale at Roswell, New Mexico were estimated mostly at \$1.21-1.25 clean basis for small clips while large clips later in the week were estimated around \$1.30, clean basis, delivered.

Texas Wools - A fair weight of wool sold in Texas at steady prices or \$1.27-1.30 for good 12 months wools and \$1.07-1.15 for 8 months clips on a clean basis, delivered East.

Mohair - Trade in mohair was very slow.

Foreign Wools - Spot foreign wools were slow and offerings small. Greasy South African 7 to 9 months spinners style merino wools sold for shipment around \$1.27 clean basis, duty paid. Greasy Buenos Aires November second clips for combing use sold around 81¢ and fleeces at 89¢ clean basis, duty paid for shipment. Cabled reports at week's end follow with combing wools converted to clean U. S. oil-combed yields and short wools to scouring yields, in bond.

## WHOLESALE MEAT TRADE REVIEWS

### LESS THAN CARLOT MEAT TRADE REVIEW

**EASTERN SEABOARD** - Prices were generally lower for most red meats and pork. Steer carcass prices were steady to 75¢ lower for the week, bulk 50¢ off; cow beef weak to 50¢ lower; veal and calf steady to mostly \$1.00 off. Lamb was steady to \$1.00 lower, but at New York the week's trend was strong to \$1.00 higher following sharp early downturns. Pork loins sold weak to \$2.50 lower, major portion \$1.00-2.00 lower; Boston butts \$1.00-2.00 off; fresh skinned hams steady to \$2.00 lower; spareribs steady to \$1.00 up.

Price declines of 50¢-\$1.50 were recorded for Choice and Prime kosher steer forequarters and the trend for lamb was weak to \$2.00 lower. Prices were unchanged for kosher dressed veal and calf.

Supplies of most railstocks and pork were normal, while receipts of lamb were moderate. Early in the week at New York and Washington receipts of lamb reached normal proportions mainly in view of carryover from previous period. Trading for steer beef was moderately active for hindquarters and ribs, but arm chuck sold slowly at the various markets along the Eastern Seaboard. Outlet for veal and calf was fairly broad. Demand was moderate for lamb, however, at New York carcasses moved slowly at the outset, but at the close demand broadened noticeably. Retailer demand was fair for pork and normal clearance for loins was largely attributed to the fact that the price range was the lowest for any week during the current year.

**CHICAGO** - Steer and heifer beef sold steady to 50¢ lower, veal steady to mostly \$1.00 lower, lamb steady to 50¢ lower, pork loins 8-16# \$1.50-3.50 lower, full decline on 12-16# loins. Boston butts 4-8# were steady to \$1.00 lower, spareribs 3# down steady.

Steer and heifer beef, lamb and fresh pork supplies were normal, veal moderate, all offerings fully adequate for trade requirements. Most beef fell into the Good and Choice grades, lamb in the main weighed 55-65#, pork loins 12-16# most plentiful.

Carcass beef trade generally was dull. However, the most bearish contributing factor here was a very slow trade in chucks and forequarters, arm and squarecut chucks showing a full \$2.00 decline. Other primal beef cuts had adequate outlets, mostly at levels of the previous week's close till late when upturns were recorded. Veal trade slow, all grades working lower except Standard, steady. Carcass lamb and all primal cuts slow through midweek. However, late Wednesday demand improved and this

along with higher replacements advanced selling prices, thus erasing part of early decline. Spareribs sold in a moderately active trade, pork loins and butts slow on each session.

**PACIFIC COAST** - Carcass steer and heifer beef sold fairly active. Prices were mostly steady in California. Steer beef was steady to weak and heifer steady to 50¢ lower in the Portland-Seattle area. Cow and bull beef was slow, weak to \$1.00 lower. Veal and calf was moderately active, steady. Calf sold moderately active, strong to \$1.00 higher in Southern California. Spring lamb was moderately active at Los Angeles, strong to \$1.00 higher with the full advance on Choice and Prime 45-55#. Elsewhere trading was slow, mostly steady. Fresh pork was slow, steady to \$2.00 lower in the Pacific Northwest and mostly steady in California. Bacon sold moderately active, steady to \$2.00 higher in the Portland-Seattle area, steady elsewhere; other cured pork cuts were slow, steady to \$1.00 lower, full decline on hams and mainly in Portland. Supplies were near normal for all classes.

### CARLOT MEAT TRADE REVIEW

**CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA** - Trading on normal supplies steer and heifer beef was generally slow under limited demand. Part of the week's early decline at shipping centers was recovered in the late trade. Choice steer beef was steady to \$1.00 lower for the week with some sales \$1.75 lower at New York. Good carcasses sold steady to 50¢ lower, some \$1.00 lower at Omaha. Heifer beef was mostly steady. Cow beef sold steady to 50¢ lower. Clearance on beef classes was generally complete at shipping centers.

Carcass lamb supplies were slightly below normal. Trading was moderately active under fair demand. Prices were steady to \$1.50 higher with some sales \$2.00 higher at Denver. Clearance was complete.

Pork supplies were normal and trading moderately active. Pork loins sold mostly 50¢-\$1.50 lower, instances \$2.00 lower late at Omaha. Pork butts were steady to 50¢ lower. Fresh hams sold largely steady to \$1.00 lower, some \$2.00 off at Omaha. Pork carcasses sold \$1.00-1.50 lower at New York and Philadelphia. Clearance was fair on pork products.
